

# CALL FOR PAPERS

## *Journal of Immunotherapy and Precision Oncology*

The *Journal of Immunotherapy and Precision Oncology (JIPO)* is seeking high-quality manuscript submissions that will appeal to a broad readership of healthcare professionals and scientists, especially those with an interest in oncology and immunology. The Journal will publish innovative original research including translational science and clinical medicine, systematic and narrative reviews, letters, and invited commentary and editorials.

### Topics for Consideration Include:

Clinical and translational discoveries related with immunity and cancer and immunotherapy, such as new discoveries about immune system function and biology, new therapeutic approaches to different malignancies, mechanisms of resistance, clinical assessment, and more will be considered for publication.

Subjects related to precision oncology including prognostic or predictive markers and innovative targeted therapy advances in diagnostic technology will also be considered.

### About the Journal

*JIPO* is a peer-reviewed, online journal that will be published quarterly beginning in 2018.

*JIPO* is an official publication of the Global Academy for Health Sciences (Cincinnati, Ohio).
